RUTH ECKERD HALL
CLEARWATER, FLA.

BY BOB ALLEN

WHEN IT COMES to meeting the challenge, Ruth Eckerd Hall has been on the forefront in the Clearwater and Greater Tampa Bay area of western Florida following the impact of the pandemic. Along with serving the community as a Salvation Army food distribution location and a COVID-19 testing site, they also remained engaged in educational endeavors in the area, an effort that has been a hallmark of the venue's mission for decades.

And, despite the challenges, they got back to the business of live entertaining as early as June 2020

with socially distanced concerts in an environment safe for attendees and in tandem with public health recommendations. By the end of last year, they had reported ticket sales from 31 performances during the pandemic era with attendance nearing 5,000. This year, headliners have seen ticket tallies surpass 2,000 again for a single show including, among others, rock veterans Styx and REO Speedwagon, who both topped that mark with summer sellouts.

Selling tickets has been the name of the game at Ruth Eckerd Hall since opening in 1983. Beginning with the first reported show the following year, box-office results from over 3,200 performances show grosses topping \$217 million from 4.4 million sold seats. ■

MISSION >>> >>> FORWARD

We entered the year with a newly installed hospital-grade air purification system, contact-free technology and reduced capacity seating. As artists began touring and audiences became more comfortable, programming grew in our venues and on the road. Though participation could not reach pre-pandemic levels, the **quality and commitment to serving our community were never greater.**

► Partnered with the NFL

to give football fans a weekend of festivities and **honored to produce the post-game celebration** for our own World Champion Tampa Bay Buccaneers!

Sustainability

MISSION >>> >>> FORWARD

The long shadow cast by closures indicated recovery would take years. Then federal relief in the form of the hugely bipartisan-sponsored Shuttered Venues Operating Grant averted burdening the institution with heavy debt. Coupled with prudent management, funding opportunities, and a methodical, responsible approach to re-opening, the **future health of this community asset was protected.**

MISSION >>> >>> FORWARD

With a member-supported annual fund and reduced programming, we braced for resources to plummet and the capital campaign to stall. Yet **our friends never left our side.** It is their support and generosity that bridged the gap.

MILESTONES

► Annual Gala

went virtual in a leap of faith. Guest artists included Kenny Loggins, Paul Anka, Mindi Abair, Judy Collins, Joe Bonamassa, and Vince Gill. While deeply touched by their sentiments, our viewers were the real stars that evening surpassing the goal.

► Recovery Fund

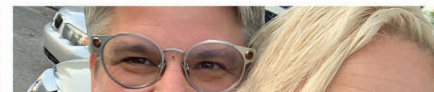

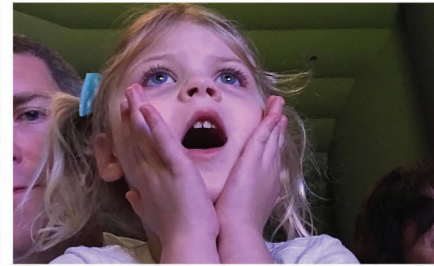

contributions from members, corporate partners and patrons enabled us to keep our community commitment to students by underwriting residencies, tuition assistance and scholarships, while providing funds for COVID mitigation equipment.

► Capital Campaign

revved up with a generous \$1M gift from Friends of Music member, John Geigle. Just \$8M to go to finish the \$34M in improvements. We still have an auditorium to refurbish!

► Grants

from federal, state, county and city agencies assisted with carrying costs and lessened impact on staffing and future finances.

On behalf of our staff and
Board of Directors,
thank you
for taking the journey with us!
